*Introducing new  
batting from*

# **The Warm Company**

For more than 30 years, The Warm Company has created the plushiest quilt batting available. What makes Warm products so special? It starts with the finest long-staple American cotton—less than 1% of all grown cotton meets their stringent standards—and ends with their proprietary needle punching technique. The result? Quilts softer than you could have ever imagined.

*\*For scale, pins measure 2 inches*

## **Warm & Natural 80/20 Batting**

Loved for its low-loft and durability, Warm & Natural 80/20 is made from the finest cotton and pillow-soft polyester. The two fibers are evenly layered and needle punched into a lightweight 100% cotton scrim.

## MEET THE DESIGNER!

As early as high school, Sarah Watts' entrepreneurial spirit drove her to sell artwork and find ways to make a living off of her creative wares. "I had to help my parents with the bills at a young age. I would sell custom posters for people, draw them as characters, and even did window painting for the holidays. That's how I first realized, 'Oh, this could be my career. When I got into the fabric industry, I fell in love with it—hard. And then when I met the Ruby Star ladies, the energy right off the bat was amazing... The undertone of the whole industry is togetherness and working."
